EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the claim: Please cancel claim 16 and amend claims 11, 17 and 18 as follow:

11. A method for transferring power from a first subsystem to a second subsystem of a computer via a Newcard device, the method comprising:

coupling the first subsystem to the device, wherein the coupling includes electrically connecting a first port of the device to the first subsystem by a first connector;

coupling the device to the second subsystem, wherein the coupling includes electrically connecting a second port of the device to the second subsystem by a second connector;

reading an identifier stored in the device to uniquely identify the device; and

dynamically controlling the power transferred to the device in response to the identifier;

wherein the reading is performed by a detection component of the first subsystem and the controlling is performed by a control component of the first subsystem.

17. The method of claim 11, wherein the detection component reads the identifier via the SMBus.

Art Unit: 2116

18. The method of claim 11, wherein the control component controls the power transferred by dynamically adjusting a voltage of at least one pin terminal of the first connector.
